## ACCIDENT PROCEDURE

From time-to-time accidents will happen during cricket matches or during practice sessions that result in a player getting injured. Most injuries will be of a very minor nature, but occasionally a more serious injury will occur. It is important that all coaches and managers adopt the following procedure:

- Assess the situation quickly and calmly – identify the casualty or casualties.
- Call for help – even if you are a Qualified First Aider you will need help with the other members of the group. There should always be a qualified first aider on site.
- In the event of minor injuries give the appropriate First Aid. If the casualty can be moved, take them to a suitable place such as the clubhouse.
- If you believe the casualty to have a serious injury or injuries, then an ambulance should be called. It is important that the correct address is given. Dial 999 and ask for the ambulance service. When you are connected give the address as WOKINGHAM CRICKET CLUB, SADLERS END, WOKINGHAM, RG41 5AW
- After every accident, however small, you must record the following details on an Accident/Incident form, which can be found in a wallet by the junior section noticeboard.
- NAME OF INJURED PERSON(S), DATE, TIME OF ACCIDENT, CIRCUMSTANCES OF ACCIDENT & TREATMENT GIVEN
- The accident form is to be returned to the Club Office at the earliest opportunity, FAO of the Welfare Officer.

## First Aid Authorisation

The following is the first aid policy that all parents have read and agree to when they sign to be members of Wokingham CC.

*I Authorise staff/coaches in Wokingham CC who are trained in the basics of first aid to give my child first aid when appropriate. I understand that every effort will be made to contact me, in the event of an emergency requiring medical attention for my child,*

*It's a requirement that your child has all medical devices that they always require when under the supervision of WCC. Failure to do so will result in your child not being allowed to join in any activities unless a parent/guardian remains in attendance.*

*If you do choose to leave your child during training or a match under the care of Wokingham CC either you or a secondary contact must be always available in case of any such emergency. We advise that children under 12 are not left alone.*

## Location of First Aid Kit:

- Junior Coaches / Managers normally carry a first aid Kit. If there is a coach/manager around, ask them for a first aid kit first. (It might be quicker!)
- All the Club coaches are DBS checked and First Aid Trained
- There is a basic first aid kit behind the bar in the clubhouse.
- There is a First Aid room, downstairs in the clubhouse which can be used for treatment or to get more first aid supplies. The first aid room is next to Changing Room 5.
- There is a defibrillator on site. This is located at the Tennis Club.
- A First aid kit can be provided before a match starts. It is recommended that the first aid kit be placed / located as follows, prior to the start of a match:
  - + On the Brooks McDonald Oval, it should be placed by the entrance to the changing rooms.
